PERENNIAL PLANT LIST. SEASON 1933.

KENWOOD IRIS GARDENS.

100 Sycamore 7496.

Montgomery and Euclid Roads,

R.R. #10, Cincinnati, Ohio.

A selected number of the most popular varieties of perennials, especially outstanding for their beauty in the garden, and value as cut flowers, will be found in the following list. All are two year field grown plants, except when mentioned, and provide a continuous bloom from spring to fall. Many of the lower growing plants are especially suited for planting in the rock garden, as well as for the front of the border. These are marked with a star(*).

CULTURE. As many varieties are deeply rooted, it is advisable to spade the ground to the depth of a foot or more, lightening the soil with peat, sand, or old rotted manure. Any commercial fertilizer may be worked in. A little lime is beneficial for delphiniums. After re-setting a plant, soak the soil, and shade the plant for a few days, so that it will revive quickly. Keep the soil loose between the plants. Apply a mulch during the hot weather to keep the ground cool.

QUANTITY PRICES. Any 15¢ var. 3 of a kind for 40¢, \$1.40 a doz; any 20¢ var. 3 for 50¢, \$1.85 a doz; any 25¢ var. 3 for 65¢, \$2.30 a doz; any 35¢ var. 3 for 90¢, \$3.25 a doz; any 50¢ var. 3 for \$1.25, \$4.75 a doz; 6 or more of a kind at the doz. rate

The prices mentioned are for the average sized plant; larger or specimen plants will cost a little more. - Please send cash with order. -

TRANSPORTATION CHARGES are not included; it is advisable to send the plants by express, purchaser paying charges. **EXTRA** plants will be **GIVEN** to cover the cost.
